## Margaret Bauer

---

Margaret is for the most part a self-taught artist. She was born and educated in England, where she took courses in oil painting. On retirement she moved to Sarnia, and once again picked up her paintbrushes, only this time she tried painting with faster drying acrylics. Margaret enjoys the challenge of the more difficult medium of watercolour, but feels she has yet to master the freedom that watercolour provides. She is a member of the Sarnia Artists' Workshop and the Circle of Artist and has participated in several workshops in Sarnia. She continues to work on improving her skills.

As well as landscapes, Margaret paints animal portraits in acrylic on stone – a very relaxing and enjoyable outlet for her creativity.

Margaret's work hangs in several private collections not only in Canada but also in Europe.
